### **Compliance note**

The Group recognises that a conflict of interest, or perceived conflict of interest, both in its role as a commissioner of healthcare services and as an NHS Body with a general duty of good governance, is a key risk that requires careful management and handling whether this is a direct or indirect conflict, pecuniary or otherwise.

All Members, Members of the Governing Body, Practice Representatives and employees of the Group must comply with the Group's arrangements for managing actual or potential conflicts of interest including the Conflicts of Interest Policy (included as Appendix 1 of the CCG's Constitution and available on the Group's website at [www.surreydownsccg.nhs.uk](http://www.surreydownsccg.nhs.uk)).

The register is developed through consultation with Members of the Governing Body who are asked to validate it on a regular basis. The process is kept under active review by the Audit Committee as part of its monitoring of the system of internal controls.
