Executive Lead(s) (delete those that do not apply):	Andrew Demetriades (Director of Commissioning & Transformation for Surrey Downs CCG)
Audience (delete those that do not apply / add as necessary):	Governing Body

EXECUTIVE SUMMARY

Surrey County Council and CCG colleagues across Surrey Downs (Mid Surrey), North West Surrey, Guildford & Waverly and East Surrey CCGs, have worked together with local Stakeholders to develop this Strategy for People living with Dementia and their carers in our area. This new joint Health and Social care strategy sets out our direction over the next five years, (2017 – 2021). This strategy recognizes the challenges of delivering more localised, seamless services for people with dementia and their carers. It aims to improve existing services and facilitate more joined up working among stakeholders.

Surrey Downs Clinical Cabinet reviewed the strategy in February 2017 and recommended the inclusion of a local action plan to complement the strategy and focus on the delivery of outcomes.

The Governing Body is being asked to sign off the Dementia Strategy and Surrey Downs CCG local action plan.
