## GOVERNANCE SUMMARY

|                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
|-----------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p><b>Compliance:</b></p>                                                                           | <p><b>Finance:</b> The CCG seeks to balance clinically appropriate thresholds with potential cost pressures in this area. These are budgeted for but are kept under review.</p> <p><b>Engagement :</b> These policies have been developed in conjunction with provider trusts, clinicians, and with public health leadership.</p> <p><b>Formal impact assessments:</b> All policies have been formally reviewed prior to Governing Body sign off</p> <p><b>Risk:</b> This policy is not on the risk register but could potentially be high risk areas in terms of compliance with NICE guidance and public interest</p> <p><b>Legal:</b> Potential legal challenge to all policies and in individual cases if policy is not fair and consistent</p>         |
| <p><b>CCG principal objectives relevant to this paper (delete those that do not apply):</b></p>     | <p>P1) Deliver the Financial Recovery Plan, based largely on a successful transformational QIPP programme</p> <p>P2) Take responsibility, with other partners in the footprint, for the Surrey Heartlands STP and ensure that this contributes significantly to the creation of a sustainable health economy with improved outcomes and quality</p> <p>P3) Prepare the CCG to take on its responsibilities for the commissioning of primary care in 2017-18, ensuring that this is consistent with broader commissioning development</p> <p>P4) Ensure that the CCG's Organisational Development programmes for the Governing Body and Heads of Service create a radically different culture for the delivery of both objectives and Business As Usual.</p> |
| <p><b>CCG Operating plan objectives relevant to this paper(delete those that do not apply):</b></p> | <p>OP1) Implement the quality improvement strategy</p> <p>OP2) Implement pathway programmes</p> <p>OP5) Delivery of other priorities</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
